Recommendations

Target audience

According to the data, 55% of our consumer are in age group of 19 - 30, And 60.38% are males.
33.4% of consumers are male and in age group of 19-30.
It is evident that our target user is youth.

Marketing Strategy

Our main marketing channels are online ads and tv commercials. Some ideas for marketing are:-

- We can make posts on social media platforms.
- Collaborate with influencers that make health related content.
- Give aways to followers and influencers.

Brand Ambassador

For Brand Ambassador, factors on which we choose are:-

- Brand's Budget
- Image of Person
- Impact made by ambassador

As 25% of our consumer drink at time of sports/exercise. So, Hiring a famous sports personality like Virat Kohli, Shubhman Gill would make a huge impact on consumers.

Product Price

42.9% of consumer expect the price range from 50-99.

Whereas, 33% expect the price range from 100-150. And rest support price range of either above 150 or below 50.

Ideally it would be beneficial if we go for price that lie in range 50-150.

Immediate Improvements

- 30% of Consumer desire to have less sugar content in drink.
- Make it available in supermarkets as 50% of consumers buy from supermarket and 24% face problem in availability of drink.
- Add more natural ingredients to the drink, as 60.45% respondents prefer healthy drink.
- Provide variety in flavors of drink.
- 50% of the respondents are from bangalore, mumbai and hyderabad. Focus on sales in other cities also.
